TWERC TALK

By Liz Summers, TWERC PRESIDENT

Here it is March 2021. Has it really been a year since we first heard of Covid-19?!? My how our lives have changed along with our way of doing the everyday chores. I have never...washed my hands so much, sanitized our living area as well as areas we have visited, cooked so many meals, walked so many miles, and visited so many outdoor spaces. I can say I have enjoyed most of this and remained healthy...at least physically. I know each of you have the same and more "so manys" to report. With the vaccine promised to us, although not in many arms yet, we are on our way to normalcy.

The Social Committee has scheduled dances for October, November and December of 2021. Our Entertainment Ticket for 2022 has also been booked. There will be three shows for us to enjoy in the clubhouse. You will be hearing more about these activities soon.

The March Day Away is on St. Patrick's Day. That should be a fun time. Susie Hale always has an excellent trip planned and this is no exception. All of our outdoor activities are continuing including kayaking. If you have not been on a paddle with the

TW group, it is a great way to enjoy the Florida sunshine, explore new areas, and keep up with old friends as well as make new ones.

The three charities that TWERC sponsors have all done very well this season. Relay for Life always had a great spaghetti supper. We are sorry that will not happen this year, but instead the committee, Mike and Charlene Gineo along with Ralph and Carrie Autoore have been busy planning a Fun Poker Run for us all to participate in and make some money for the American Cancer Society along the way.

A friend of mine sent me a card last week. I thought the sentiment was very reflective of our age..."Being 20 in the seventies was much more fun than being 70 in the twenties!!!" Stay healthy and let's hope more vaccines become available soon.

Relay For Life

Every year, TW raises money for the American Cancer Society

by participating in Relay for Life. This year, as it has every aspect of life, Covid has changed the rules of the game. In an effort to raise money for this charity, the Gineos (941-475-1523) and Autoores (860-384-2987) are hosting a Poker Run. This event will be held on March 13, or the 14th in case of rain. There will be 1st, 2nd and 3rd place prizes awarded.

You may participate by walking, riding your bike, or your golf cart. Those interested in joining in the fun should be at the clubhouse at 12:30 pm to sign up. The cost is \$10 per person and the game will begin at 1 pm. You are encouraged to bring extra money for a 50/50 raffle. Remember, this is for a very good cause, the American Cancer Society!

LeeAnn's Musings

By LeeAnn Magnier

The talk of the community is all about the Covid Vaccine, where it is available, how to get it, how frustrating it is to even get signed up for it. There are so many folks in Florida eligible for the limited number of doses available. After all, Florida is the retirement capitol of the world. Ok, I exaggerate. But I have often heard that the average age in Sarasota County is 65. I could suggest that we be a bit more patient but patience has been our constant companion since the beginning of the Pandemic. Unfortunately, that is all we can do. Dealing with government entities is always frustrating. One wonders if politicians come equipped with gallons of molasses that they pour into the machinery of government upon election. That said, I guess the only recourse is to sign up on every list and hope for the best and that, of course, is the same thing as saying, "have patience." In the meantime, enjoy what our wonderful community has to offer, all the outdoor games, our heated pool, the clubs and organizations that offer group activities, Bingo, our library, and all the opportunities to volunteer both in the community and town. Keep busy, stay safe.

St. Jude's Fundraiser

This year's St. Jude's charitable event had to be improvised because the usual gathering for our much-enjoyed soup luncheon could not take place. The organizers, Jan & Denise Chard, were very creative in their efforts to raise money for this wonderful charity. The Scavenger Hunt was the first event and was great fun. The 2nd fund raiser was the Amazing Race and again, the enthusiasm and fun was palpable. All during the month, there were special Bingo games just for St. Jude's. The 3rd and final event was the raffle that took place on Tuesday, February 16. There were 51 items donated for the raffle. The mood in the parking lot was one of a large party. The excitement and anticipation was wonderful. There were 50/50 raffles at the first 2 events. These events and the donations collected during the month equaled \$6000 making it a very successful endeavor. None of this would have been possible without the efforts, donations, and generosity of the residents of TW. Our community is a true example of family working together. The volunteers gave time, talents, money, gifts, and energy to this wonderful event. A very big "Thank You" to all those who volunteered, participated, donated, purchased and organized these events to benefit the children who are helped by this wonderful charity.

THANK YOU !

Music Men

If you haven't been privileged to enjoy the kind of impromptu music performances on TW Blvd, you are missing out on a fun time. Roger Boll and Karl Mortensen have been entertaining their neighbors from time to time all during the pandemic. Roger has been placing a small sign on his lamp post to announce the event to all who travel the blvd. Word spreads like wildfire whenever they plan to play for the community. So, keep your eyes open for the sign and your ears ready to catch word of the event. It is well worth your time and brings enjoyment to those of us lucky enough to catch the show. Thank you Roger and Karl for generously sharing your time and talents.

KAYAKING

Twenty-nine TW kayakers headed up Curry Creek on February 5. The weather was sunny, the scenery was rustic, and the fellowship was excellent. If you are interested in trying something new, try kayaking.

The Safety and Instruction class offers the opportunity to learn kayaking skills, to reinforce and strengthen the skills you may already have, or to try something new. The class is a no-pressure, hands-on, on-the-water period of instruction and practice. Please contact us if you are interested in taking this class.

The Woolverton Trails (Placida) kayak trip is scheduled for March 10. The signup sheet is posted in the glass bulletin board outside the Clubhouse entrance.

We invite each of you to join us. We use sit-on-top kayaks (easy-in, easy-out; very stable) and explore a different location on each tour. Fellow kayakers gladly help each other out wherever needed.

Contact Bert or Debby Noyes (941-445-6905) bert.noyes@comcast.net if you are interested in taking part, would like more information, or have any questions or concerns.

MAIL ROOM AND BULLETIN BOARDS

Because there are so many new residents and the rules have changed because of the Pandemic, it is time to repeat the guidelines for both the mailroom and the bulletin boards.

The bulletin board in the mailroom is for residents and Topics advertisers to post business cards and items for sale. The size of the posting should NOT exceed 4"X6." TWERC bulletin boards should have only 1/2 poster boards in the landscape orientation.

Dogs are not allowed in the mailroom at any time. For any questions about the bulletin boards, contact LeeAnn Magnier at 941-483-0925.

TW ACTIVITIES AND ANNOUNCEMENTS

HORSESHOES

The Horse-shoe hurlers of TW are entering their eighth week of team play. The games have been fun and the competition spirited. The women and men of the Tangerine Woods Horseshoe League have utilized their skills in a way that has kept the team standings very close. Teams play every Monday and all who are interested are welcome. We will teach anyone who would like to learn. Contact Bert Noyes 941-445-6905 or Dick Easley 941-475-2130.

Do You Understand Our Self Quarantine Guidelines?

If you are fortunate to have family and/or friends come to stay with you, you and they must self quarantine for 10 days. Should your guests leave before the 10 days are up, you must continue in self quarantine for the entire 10 days. At day 11 you and your guests are free to enjoy the amenities offered by TW. If you travel out of the state, the same 10 day self quarantine rule applies. We want the entire community to stay safe and by conforming to these guidelines you will be doing your part. Please wear your mask.

The Return of 50/50

Buy your 50/50 tickets every Saturday in front of the Clubhouse @10am. The winning ticket will be drawn the following Saturday at the Zoom meeting. The cost is 6 for \$5 or \$1 each.

VOLUNTEER

2021 BOCCE LEAGUE

Len & Jane Warburton

The Bocce leagues are rolling along. We want to thank Art Napolitan and Bob Walker and the maintenance crews that have kept the court in excellent playing condition.

All regular league games must be completed by Sunday March 21. League and championship playoffs will be held the week of March 22. Calendars for scheduling makeup games are posted in the equipment room. When scheduling makeup games, please print clearly and include the following: regular assigned Team Day, Team number, Time you will be playing and the name of at least one of the Team's captains. Please schedule makeup games as soon as possible.

Remember to wear masks and bring your own water/drinks and game towel. A reminder to those using the equipment and court during the off-league times, please clean/disinfect whatever you use.

If you would like to be a substitute, you can add your name and telephone number to the Substitute Sheet in the equipment room or call us at 941-681-2609. Let's continue to have a FUN/competitive season.

Play responsibly! See you at the Court.

Blood Drive

The next TW Blood Drive is Saturday March 27. This is our last Blood Drive for the season so hopefully we can make it a successful one. We collected 16 units of blood in January! Thanks to all that gave. Remember it only takes about 1 hour of your time to make a huge difference in someone else's life. Even if you have never donated, you might want to consider giving it a try. The staff on the bus will do a history on you to evaluate whether you can donate. We realize due to health history some are not able to give. Mark this date on your calendar. Sign up sheet will be posted in the clubhouse by the manager's office a week in advance.

LAZY DAZE

John Yannaci

Hello Friends and Neighbors. We at Lazy Daze are now operating at full force. On any given Monday you will see our crews out and about trying to preserve our beautiful community. There are a few changes in the works but rest assured there is a process in place and Ron and his crew at Buildings and Grounds are working for the betterment of TW. Don't forget we are all volunteers and we should all work together. On to more crew chief introductions. Ron Cain is now the coordinator of Building and Grounds and Mike LaPalme has replaced Ron to help me with Lazy Daze. Mike is the crew chief for our peppertree crew. Florida is infested with Brazilian Peppertrees which is one of the most aggressive and widespread shrub/tree in the state. The rapid growth and high germination makes this plant difficult to manage, so Mike and crew have a full time job trying to eradicate it. Great job to all involved!

The next two guys work in tandem as our aluminum crew has a big responsibility within TW. Mike Gineo and Charlie Laderoute work together to sort the aluminum and glass that is dropped off at our RV location. We also schedule pickups when needed. They have a tedious and dangerous job removing the metal from windows, doors and the like. This crew provides funding through their tireless work ethic that allows us to put our shirts, jackets and hats on every Monday. Thanks again for a fantastic job, and to all of you out there don't forget to donate all your aluminum to Lazy Daze.

I still have a few crew chiefs left and will introduce them next month. Until then, stay safe and healthy.

QUILT CLUB RAFFLE

By Roberta Begley

Wouldn't this Tropical Batik Queen Quilt (76" x 86") look wonderful in your home or as a gift? The TW Quilt Club made this lovely quilt to raffle off on March 6th, 2021. The fabrics are colorful tropical batiks. All of the club members sewed the squares for the quilt. Lynn Ann Siegel provided the machine quilting.

Raffle tickets are available from Quilt Club members and will also be sold at various events at TW. Please get your tickets ASAP and remember, all proceeds go to TWERC. Contact Roberta Begley 231-373-2979 with any questions.

MARCH ANNIVERSARIES

 25.George & Bea Randall **HAPPY 60**
 26.Gary & Joyce Carney **HAPPY 55**

Celia's Cooking Tips

By Celia Conolly

- Guacamole: Mashed Avocado, 2 Tbsp olive oil, juice of 1/2 lime, and salt and pepper to taste. This recipe will never turn black! Keep refrigerated and covered. Courtesy of a vendor at Englewood Farmers' Market.
- Remove steaks, chops, roast from the refrigerator 1/2 hour before cooking. This keeps the juices flowing as you heat the meat.
- When microwaving food, wet a round coffee filter to put over the food. This keeps the food from drying out as much. Courtesy of Audre Sautter.

The Timer

By Jim Connolly

Every time I set the timer on my microwave
 I hear my life pass away second by second
 Then, when the bell rings there is a pause
 But time does not pause
 It just seems that way...for a moment.

Food Donations

Did you know that our community has chosen to donate food to the Jubilee Food Bank at St. David's? Well, BC, that's Before Covid, there was a large basket in the card room where residents and guests could donate food or money. Like so much in our lives, that is no longer possible. But neither the Jubilee Food Bank nor St. David's have disappeared. In fact, the need for donations is even greater because of the pandemic. Donations can now be made by taking them to Marcy Juraka's home at 808 Newbury Court. If you are unable to take the food items to her, she will pick them up. Just call 941-999-4996. She will transport the donated items every Tuesday to the food bank. But a word of caution. No food bank will accept open packages or out-of-date containers. This is to protect their clients as well as the service. So, if you have been missing the opportunity to donate food items that you have purchased and no longer need, remember this worthy charity. It is especially important as the season ends and your cupboards are filled with items that have gone unused during the winter months. Your generosity will be appreciated.

TW Writer's Page

Critters Among Us

By LeeAnn Magner

Most of us know that we are living in an area that is also home to a great many animals. Most of them are fairly harmless to humans. As a matter of fact, our animal neighbors that might view us as food have a good supply of food that they prefer. And if we realize this or not, they view us as predators. Our bobcats, wild pigs, wild turkeys, and birds of every description do not present a problem for us as humans. The exception is the alligators among us. Most of them are not a problem, very few of them are considered "aggressive." This means that they pose a threat to us, our pets, livestock or property.

Recently, an "aggressive" alligator had to be removed from Lake 3. The Florida Wildlife Commission was contacted and they in turn contacted an authorized trapper. The reason this happened was because this alligator had chewed the aerator hoses in the lake, not once but several times. Replacing these parts is not inexpensive and our dues pay for their replacement. This alligator was captured and removed from our property. The trapper who bravely captured and removed it told some bystanders harrowing stories of his experiences. This trapper related information about 350 captures a year. According to the Florida Wildlife Commission, removed alligators usually try to return to the areas where they were captured causing additional problems. If relocated, they also do not integrate well into existing alligator populations. Some of us feel some sense of sadness at the loss of a wild critter but should accept the necessity for it. We should accept responsibility for some of this happening. Because we wish to live on the water or in areas formerly occupied only by them and their prey, we bear most of the blame for their destruction.

The Florida Wildlife Commission prints a brochure entitled, "A Guide to Living With Alligators." It is informative and enlightening. You can find information about this and much more at the following website.

<https://myfwc.com/wildlifehabitats/wildlife/alligator/snap/>

TW-FLAG Property Improvements and Invitation

By Lydia Molineaux

The TW-FLAG property that was purchased in 2019 lies between Route 776 and one edge of Tangerine Woods. The group that acquired this property has recently made some improvements and would like our TW neighbors to visit the park-like setting.

TW-FLAG would like to encourage Tangerine Woods residents to visit this property to see what has transpired since the group started clearing the trash that was left there. To the left of the Ar-bordale Court entrance to the TW Nature Trail there is an entrance to what we are now tentatively calling FLAG-land. TW-FLAG has planned to host tours of the property for interested residents, however you don't need a guide to visit FLAG-land.

While there are no hills to climb, you may find walking sticks helpful since some of the trail is a bit rough. If you prefer not to walk, there are paths through the property on which you can drive a golf cart as well. While you will still hear the whirr of the cars passing on Route 776, this approximate seven acres of land has a variety of birds, small wild animals, plants and trees that make it a beautiful place to spend some time outside.

We hope you will join us in enjoying this natural Florida habitat.

An Old Man's Thoughts A NIGHT'S SLEEP

By Jim Connolly

Old people tend not to sleep well
With body pains and feet that swell
Me! Disturbing thoughts pop up in my head
I rehash old arguments but better said
In my dreams I get into fights
My wife tells me I throw punches during the night
I don't count sheep to fall asleep
I replay golf holes and sometimes cheat
Old people tend not to sleep well
With body pains and feet that swell
Old people tend not to sleep well
