Proofreader - Carol Drew

Calendar - Charlene Gineo (cmgineo@comcast.net)

Remember — articles for the Topics will be included in a MAXIMUM of two issues before the planned event.

Hello again TW! It has been a few months since my last correspondence via the TW Topics. As I am sure most of you know, Doreen Barrett and her husband Mike have moved away from TW. I want to thank Doreen for all of her work as the editor of the Topics and wish her and Mike the best in their next chapter. At the same time a huge thanks to LeeAnn Magner and Jane Simpson as they assume the role of co-editors for the Topics.

I am writing this article prior to the October 17, BOD meeting, therefore I cannot report on any action that might have taken place at that meeting. I can however, provide what information I have regarding the status (saga) of the "storage building." As of the time of this writing the survey for elevation and location has been completed and the survey company "DMK" is working on the Site and Drainage Plan. "DMK" will also provide a site plan before submission to the county. It is the hope of our Building Erection Company the survey will resolve any open issues with Sarasota County and will clear the way for the "Permit" allowing the company to set a date for erection of the building. The people who have been working on this project along with every interested resident are all very frustrated with how long this is taking, however it is not under our control. Fingers are crossed this will all have a positive ending!!!!!!!!!

On a brighter note, Southwest Florida has escaped any severe weather this hurricane season and let's all pray our good fortune continues through the remainder of the season. I am reminded it was an extremely hot summer in FL as it was here in the midwest. There have been record setting temps here in Indiana and NO RAIN. Let's all hope this leads to a mild winter.

Thanks to Terry, Debbie and Ken Keyes for all of their work this past summer. I am always confident that the day to day business will be taken care of in a timely and effective manner when people of this caliber are working for the good of TW.

By the time this article is published I anticipate seeing many of our friends and neighbors returning to TW for the winter season. I look forward to getting re-acquainted and enjoying all of the activities and fellowship we share with all of our community.

TW ACTIVITIES AND ANNOUNCEMENTS

LeeAnn's Musings

LeeAnn Magner

November is the month we celebrate Thanksgiving with family and friends. It is also the time we begin getting serious about preparing for the next big event, "Christmas." Our community enthusiastically celebrates the season. Newcomers will soon see and participate in the many activities offered during the holidays. They may be asked to help with decorating the clubhouse. There is one seasonal activity that we hope every one of us will embrace. That is **ADOPT A FAMILY.** Ann Foster is the chair and is collecting donations in order to buy clothes for needy children for Christmas. The more collected, the more children have a happy Christmas and go to school with new clothes. Our donations are added to those of the Sarasota Sheriffs Department. The Sheriffs Dept. contacts schools to find good students who happen to also be needy. Then some of our TW residents go shopping for these children. **We also get to wrap the gifts.** Participating in the wrapping is so much fun. It's like Christmas with our own small children all over again. So, get involved. The smiles that we'll share participating in this activity will be dwarfed by the happiness we give to the families whose Christmas we help make.

ADOPT A FAMILY

Ann Foster

The time for shopping for the Adopt A Family program is going to be here before we know it! Shopping is on Dec. 16th with wrapping on the 17th. The monies for this shopping spree to clothe and help needy families at Christmas is all from donations. Tangerine Woods is the biggest contributor in Englewood because our residents are the kindest and most generous. There are various ways for you to make a contribution to this worthy cause. You can write a check directly to the Sarasota Sheriffs Department or you can write a check to TWERC with a notation that it is for Adopt A Family. Cash or checks can be dropped off at Ann Foster's either in the basket at 810 Newbury Ct. or in person. Ann is always at Saturday coffee and will be happy to accept your help.

Wednesday night Bingo will be having Adopt A Family bingo starting Nov 6th. Remember to bring extra money starting then. Whatever we collect at Bingo is divided equally between Adopt A Family and the winner of the bingo game. So, let your Christmas spirit reign and give generously to help clothe the less fortunate in our adopted community.

BLOOD DRIVE REMINDER

By Betty Riedel

The Suncoast Blood Mobile will be at the TW Clubhouse on Saturday, November 9 from 7 AM to 2 PM. There will be a sign up sheet on the bulletin board in the entry for 2 weeks before the drive. Please take a half hour of your valuable time to donate what could be the life blood of a friend or neighbor. For more information or questions call Betty Riedel 941-474-5471.

CHRISTMAS DINNER DANCE

Tickets for the Winter Wonderland Dance will be sold before coffee on November 23 and 30. The event is scheduled for December 7 from 5-9:30 PM. Music by Rockin' Dayz. So put on your favorite party duds and join the fun. For more information contact Doreen Anderson at 941-321-2735.

ALL AGLOW WELCOME DANCE

Join your friends and neighbors for a fun time on Saturday November 16 from 6:30—9:30. Our welcome back dance will have music by Coastal Jamz. Tickets are $10 per person and will be sold before Saturday coffee on November 2 and 9. We will provide some "Glow Wear" but feel free to bring your own. Bring your own beverages and snacks. We look forward to seeing you there. Call Joyce Carney for details at 412-580-5137.

ANNUAL TW FLEA MARKET

Table/spaces for sale starting Nov 2 at coffee $15.00 each. More details later...any questions you can call: Mary Brown 941-473-8075

SAVE THE DATE

Save December 31st for our New Year's Eve Celebration with COASTAL JAMZ bringing in the New year. More information will follow as time gets closer. Questions call Cindy Kleinschmit 419-351-1053

TW ACTIVITIES AND ANNOUNCEMENTS

DID YOU KNOW:

Marsha Napolitan

- That many residents are saying "who is that new person?" and the new people are saying "do you know that old guy (lady)?"
- That once you moved into this community, you agree to follow the rules even if you are a person who dislikes rules.
- That this community will be impacted by new construction in Boca Royale, the new homes to our east as well as the apartments. Be very careful leaving or entering the community.
- That, now that you are here for the season, the exterior of your home needs to be cleaned yearly to remove the mold. That can be done by yourself or hired out. Section B #4
- That as a unit owner, you have the right to alter the exterior of you home PROVIDED you have written approval from the Exterior Committee. No work is to begin until approval has been received. Section B #4

BOOK CLUB

Book Club will meet Thursday, November 21 at 3:00 p.m. in the Card Room. The November book is **Where the Crawdads Sing** by Delia Owens. Future books are **The Reckoning** by John Grisham for December and **Where Did You Go, Bernadette?** by Maria Semple for January. Come with your good ideas about this month's book and your book suggestions for February, March, and April.

TW NURSES

by Betty Riedel

It is long past the beginnings of flu season but take heart, it is not too late to be vaccinated.

Last year, the Flu began mildly but by February its mutation became intimidating. This year's vaccine promises to better match the expected strains. There are 2 forms of vaccine for folks 65 and older. One is a high dosage vaccine and the other contains extra immune boosting compounds. Check with your doctor to find the best vaccine for you. Be safe, get immunized.

DO YOU SCRAPBOOK?

TW has recently been gifted with a large supply of Scrapbooking materials. If you have an interest in this activity or would like to form a scrapbooking club, contact any member of the TWERC Board . It would be a shame to waste such a valuable and generous gift.

LUMINARIES

Beate DuMouchel

Christmas is approaching and in keeping with the TW Traditions, luminaries will be going on sale the 1st week in November. Volunteers will be going door to door to see if you are interested in ordering luminaries for your yard. Please contact your neighbors and friends who are not yet here to see if they are interested so that you may place an order for them.

It is a beautiful sight on Christmas Eve with all the streets lined with these lovely luminaries. Last year we had quite a few empty spaces, let's see if we can do better this year. Prices are:

Candle	$ .65
Bag	$ .10
Cup	FREE
Wood Blocks	$ .50

If you have any questions, you can contact me at 860-716-8570 or bdumouchel10@gmail.com

TW BOCCE 2020

Yes!! It is the time of year when many of us are beginning to plan our migration south. Hopefully you are planning to become involved in one of the many activities available in our community. This is an invitation to you to join our Bocce League. We have four leagues Tuesday, Wednesday, Thursday and Friday. Each League day has 12 two person teams. We currently have a full schedule of teams requesting Tue., Wed. and Thur. Friday has a few openings. If you are a new resident or you did not sign up in April, contact Art Napolitan by e-mail aanapolitan@comcast.net or call me 248-681-8486. Play begins during the first week of January from 9:00 a.m. through 3:00 p.m. Send me your name(s) and the telephone number you will be using while here for the winter season. Individual players are welcome; we will try to match you up with another resident. We always have a few teams that cancel due to various reasons, so if you are interested, now is the time to sign up. We also would like to have people sign up to play as substitutes when needed due to illness or an injury. Why not join us for some fun, competition and an opportunity to develop new friends.

Art Napolitan, Len & Jane Warburton

THE LIFE OF SANDHILL CRANES

Shirley OKelly

We have been fortunate to watch a Sandhill Crane family produce 2 hatchlings. Having 2 hatchlings that live is unique. Two eggs are often laid, but typically, only one survives. These parents have managed to rear a beautiful colt (one disappeared). Maybe you have seen them in the community walking slowly, preening or just standing still in the middle of the road on one leg!

Mom and Dad mate for life. While mating, their bugling calls are unique and loud. This lifetime together may exceed 2 decades. Juveniles leave the nest within 8 hours of hatching and are capable of swimming! Juveniles stick with their parents for 9-10 months. Migrating cranes spend winters in the Southern US and northern Mexico, roosting on shallow lakes or rivers at night, spending the day in irrigated croplands, pastures, grasslands and wetlands. There are 3 subspecies of cranes that live year-round in Florida. Florida is home to the earliest Sandhill Crane fossil, estimated to be 2.5 million years old. The fossil was unearthed in Macasphalt Shell Pit. (More info can be found on Google.) The oldest crane was recorded at 36 years 7 months and was banded in Wyoming in 1973 and found in New Mexico in 2010. Cranes are omnivorous; they probe with their bills. Their diet is heavy in seeds and cultivated grains, berries, tubers, small vertebrates and invertebrates. Non-migratory cranes eat insects, snails, reptiles, nesting birds, and small mammals. You can visit a Sandhill Crane migration in Kearney, NE from late February to early April. Over 600,000 cranes migrate through the Platte River Valley in order to "fuel up" before resuming their northward migration. Audubon guided viewing experiences, guided photography experiences, a Crane Festival and Carnival are a few of the attractions for visitors.

TW Writer's Page

A Lesson in Dealing With Bureaucracy…

By Ginny Drew

As most people already know, TW is attempting to build a new storage building for Lazy Daze. It was a fairly straight-forward project (after all, the building is pre-fabricated and of fairly simple design). Twenty-one months later, the building permit has not received final county approval.

A lot of residents have been asking about the status of the building, so in early September Ken Keyes delivered an update of the progress that has been made. This is a summary of his comments.

In January, 2018 (a mere 21 months ago) Sherri Sarine proposed that we construct a new storage building for Lazy Daze. It would be financed by the reserve fund. Over the next 2 months the project was approved and specs were developed for review and approval by Buildings and Grounds.

In April, 2018, Kevin Wells, TW attorney, drew up a contract. Throughout that summer there was some (slow) progress being made, and by October Building and Grounds had created a Request for Proposal to be distributed to contractors who wanted to be hired to complete the building.

In November, 2018, East Coast CDB was hired, a down payment was delivered, and design drawings were ordered from Freedom Steel, the company that would be fabricating the building. They were delivered to East Coast CDB in January, 2019, and the process to obtain a building permit was started.

At the end of January a Notice of Commencement Application for State of Florida and building permit application were submitted to Sarasota County. East Coast CDB was told that the permitting process would take 5 - 6 weeks.

East Coast CDB handed over the permitting process to a local company, Gulf Coast Permitting, because it would be easier for them to keep up the communication with the County.

In February, 2019, the building was delivered to the site. Sarasota County filed a Notice of Commencement, did a land development review, and Sarasota County Utilities did their review.

In March, 2019, a delay in the building review process took place when Sarasota County requested plumbing and mechanical specifications. Sarasota County was advised there was to be no plumbing as the building was a storage building. The County would not take our word that there was no plumbing or HVAC. The original drawings did not show plumbing or HVAC, but Sarasota County insisted new design drawings be submitted, marked to show there was no plumbing or HVAC and signed by a certified engineer. This created further delay between the time we were notified and a complete set of revised drawings were submitted to the county. They also requested a site plan that showed the building's setbacks.

In April, Ken went with Bill Minion to the proposed building site and took the measurements requested by the county for the site plan. Mr. Minion drew up a proposed site plan and he and Mary Maloney hand-delivered that site plan to Sarasota County.

In June, 2019, TW Buildings and Grounds Committee were advised by East Coast CDB, Inc. that the following had been done:

1. Site plan submitted to Sarasota County and approved.
2. Electrical plan review approved with stipulations.
3. Flood plain review indicates proposed building located in wrong category. In other words, agricultural or manufacturing. The question arose whether the building is for warehousing or storage as different requirements must be met for various categories. But, the county had been advised in March that the building was for storage.
4. Land development review plan submitted indicating proposed structure is being constructed on a concrete pad.
5. Smith Electric applied for electrical permit and permit was approved.
6. Additional requested information by Sarasota County was mailed 06/17/2019.

In July we were advised that the site plan submitted by Mary Maloney and Bill Minion (even though it had been approved in June) was insufficient and needed to be redone by a certified surveyor/engineer.

In August we hired DMK to create and submit the survey. The survey was submitted in September and, we hope, is the last step in obtaining the building permit. As of Sept 30 the review is continuing.

So, as you can see, a "5-6 week" process has taken (so far) 8 months .

A personal note:

In my prior life I worked with a developer who built single family homes and warehouses in New York. I am very familiar with the trials of working (fighting) with municipal planning and building departments which, in New York, are notoriously difficult to deal with. I had always thought Florida was different, because the mentality is much more pro-business. I guess that this type of bureaucratic nonsense exists everywhere!

??QUESTIONS??

If you have questions, please submit them in writing and a reply will be provided, in writing, by Ken Keyes as quickly as possible. This will avoid misunderstanding through the giving of a verbal response.
